

DIRECT ENERGY TERMS OF SERVICE FOR ELECTRICITY SUPPLY

Important Information

LEGAL NAME OF THE RES, AND THE NAME UNDER WHICH IT IS MARKETING	Direct Energy Services, LLC d/b/a Direct Energy
BUSINESS ADDRESS	Direct Energy Services, 804 Carnegie Center, Princeton, NJ 08540. Our mailing address is PO Box 180, Tulsa, OK 74101-0180.
CHARGES FOR SUPPLY SERVICE	\$0.11990/kWh. Fridays, 12:00AM - 5:59PM, you will pay \$0.119900 per KWH. Mondays - Thursdays, 12:00AM - 11:59PM, you will pay \$0.119900 per KWH. All other times you will pay \$0.000000 per KWH. This is not the total amount that you will be charged on your bill. This rate does not include taxes or utility charges for delivery.
TERM	12 monthly billing cycles. Our service will continue until either of us cancels the contract subject to the Automatic Contract Renewal Provision.
AUTOMATIC CONTRACT RENEWAL PROVISION	This Agreement will automatically renew on the expiration of the estimated billing cycle for the initial term of the contract. The exact date that your initial agreement will begin and end, depends on when your local utility company accepts our request to enroll you as our supply customer. This process can take up to forty-five (45) days, but usually less. Your energy supply service will not be interrupted during this time. Your renewal contract term will begin on the following billing cycle. You will be provided with a Notice of Automatic Contract Renewal not more than 60 days and not less than 30 days before the expiration of this Agreement. That notice will advise you of product options that are available to you and the price that you will be automatically renewed to if you do not call us by the date specified in that notice to select a different product option or to reject automatic contract renewal. That Notice will also advise you of the procedure for notifying us if you want to reject contract renewal and terminate your existing contract at the end of its term.
EARLY CANCELLATION	You have a right to terminate your agreements with alternative retail electric suppliers at any time without any termination fees or penalties; however, if you cancel this contract, you may forfeit some of the rewards that we describe in your Welcome Confirmation, and you will be responsible for unpaid balances as of the cancellation date.
DEPOSIT REQUIRED	None
FEES FOR SWITCHING TO THIS RES	None
SAVINGS	Direct Energy does not guarantee savings as compared to your utility's default rate.
RESCISSION	You may rescind the agreement by contacting us or the electric utility within 10 calendar days after the date on the electric utility's written notice to you confirming the switch. You may call us at 1-866-266-2084 or your utility at 1-800-EDISON-1 to accomplish this.

DIRECT ENERGY TERMS OF SERVICE FOR ELECTRICITY SUPPLY

Important Information

ABOUT YOUR SERVICE	Direct Energy is an independent seller of electric power and energy service certified by the Illinois Commerce Commission. Direct Energy is not representing, endorsed by, or acting on behalf of, a utility or a utility program, a consumer group or consumer group program, or a governmental body or program of a governmental body. The electric utility remains responsible for the delivery of electric power and energy to your premises and will continue to respond to any service calls and emergencies. You will receive written notification from the electric utility confirming a switch of your electricity supplier.

ILLINOIS RESIDENTIAL & SMALL COMMERCIAL TERMS AND CONDITIONS

Natural Gas and Electricity Generation Services

Direct Energy Services, LLC

1. Terms of Service. Direct Energy will supply your natural gas and/or electric generation service as delivered by your Natural Gas Utility ("NGU") and/or Electric Utility ("EU"). This contract, the Letter of Agency, and the terms contained in the Welcome Confirmation (letter or email) you received constitute the agreement ("Agreement") between you and Direct Energy Services, LLC ("Direct Energy").

2. Agreement to Purchase Natural Gas and/or Electric Generation Service. This Agreement serves as the agreement for natural gas and/or electric generation service to be provided to you by Direct Energy. Subject to Direct Energy's acceptance of this Agreement and acceptance and enrollment by your NGU and/or EU, you agree to become a Direct Energy customer and appoint Direct Energy as your limited agent to perform the necessary tasks associated with your natural gas and/or electric generation service and fulfill the terms of this Agreement. You authorize Direct Energy to obtain information from your NGU and/or EU that includes your billing history, payment history, historical and future natural gas and/or electricity usage, meter readings, and characteristics of natural gas and/or electricity service. Direct Energy agrees to sell, and you agree to purchase and accept, the quantity of natural gas and/or electricity delivered to you, as measured and/or estimated by your NGU and/or EU, all in accordance with the terms and conditions set forth in this Agreement. Your natural gas and/or electricity will be delivered to you by your NGU and/or EU. Please note: If your account is classified by your EU as

a Space Heating account, you may be receiving a subsidy which results in a lower rate than what Direct Energy has offered. If you enroll with Direct Energy, you will not be eligible to receive this subsidy. Further, if you enroll with Direct Energy and are a Space Heating customer, you will be dropped by Direct Energy as soon as practicable and returned to the EU in order to preserve your subsidy. Direct Energy shall not be responsible for any rate differences, costs or otherwise due to your enrollment and later return to the NGU and/or EU or in the event of a loss of said subsidy. Direct Energy is licensed by the Illinois Commerce Commission (the "Commission") as an "alternative gas supplier" and an "alternative retail electric supplier" to sell natural gas and electric generation service in Illinois.

3. Term of Agreement. After you sign this Agreement, the term of this Agreement will begin on the next available meter read date that your natural gas and/or electric generation supplier is changed to Direct Energy by your NGU and/or EU. The "Initial Term" of your service will begin on the start date of the next monthly billing cycle as determined by your NGU and/or EU tariff and will continue for the number of monthly billing cycles set forth above in the Important Information section. When the Initial Term expires, this Agreement will automatically renew on a fixed rate contract, as described in the Important Information section and in Section 8. If you have provided an e-mail address, notices sent via e-mail shall constitute written notice under these terms and conditions, unless you opt-out of receiving electronic communications by contacting Direct Energy using one of the contact methods set forth in Section 18, in which case such notices will be provided via postal mail service.

4. Renewable Energy Plan. If you are purchasing our Renewable Energy Plan pursuant to this Agreement, you are agreeing to purchase from Direct Energy a product that is supported 100% by renewable energy credits ("RECs"), in an amount sufficient to match your annual consumption from your EDC. RECs are a tradeable, non-tangible energy commodity in the United States that represents proof that 1 megawatt-hour (MWh) of electricity was generated from an eligible renewable energy resource like biomass, hydro, solar or wind. Direct Energy will purchase and retire renewable energy certificates in either the state where you are located, the North American Electric Reliability Corporation (NERC) region, Independent System Operator (ISO), Regional Transmission Organization (RTO) or Balancing Authority Area of the customer being served, at any time and from time to time throughout the year. The electricity supply actually distributed to your service location will not contain electricity supply generated from any specific electric generation facility. The availability of electric generation facilities varies hour to hour, and from season to season, as does electricity use by customers. Direct Energy may take up to three (3) months following the close of a calendar year to make up any deficiency in the volume of renewable energy certificates needed from particular generation facilities associated with your Renewable Energy Plan.

5. Net Metering. A customer must be an Eligible Customer to receive Net Electricity Metering from Direct Energy. If at any time during the term of this Agreement you are not an Eligible Customer or are otherwise unable to meet the requirements set forth in the Statute or this Agreement to receive Net Metering, you will be required to reimburse Direct Energy for any credits provided to you for Net Metering at the contracted rate set forth in the Important Information section. Direct Energy is required to provide Net Metering to Eligible Customers until Direct Energy's load of Net Metering customers equals 5% of the total peak demand supplied by Direct Energy during the previous year. Direct Energy, in its sole discretion, may provide Net Metering beyond the 5% threshold, however, Direct Energy reserves the right to place a hold on all Net Metering applications received after the 5% threshold has been met. Your net metering facility shall be an Eligible Renewable Electrical Generating Facility and shall be equipped with metering equipment that can measure the flow of electricity in both directions at the same rate.

6. Time of Use Product. To be eligible to enroll in a Time of Use Product, you must have a smart meter. If you are not certain if you have a smart meter, please contact your Utility Company or Direct Energy at the information provided in the attached terms and conditions. By enrolling in a Time of Use

Product, you authorize your Utility Company to provide Direct Energy access to your thirty (30) minute interval smart meter usage data on a daily and/or monthly basis as may be requested by Direct Energy ("Interval Data Authorization"). In addition, you also authorize Direct Energy to share your usage data with our third-party vendor(s) pursuant to Direct Energy's privacy policy located at <https://www.directenergy.com/privacy-policy> for load forecasting purposes and to separate data based on your usage throughout your household, or for purposes as outlined in our privacy policy. If you rescind your Interval Data Authorization while you receive electric generation service from Direct Energy under a Time of Use Product, then Direct Energy will have the right to cancel this Agreement. If you enroll (or attempt to enroll) in a Time of Use Product, and Direct Energy determines that you do not have a smart meter, then Direct Energy will have the right to cancel this Agreement (or cancel your enrollment with Direct Energy). Based upon the assumption that, i) 31% of your total electricity consumption occurs during the Designated Free Weekend Period(s) and ii) 21% of your total electricity consumption occurs during the Designated Free Night Period(s), the average rate for a "Free Night/Weekend" time of use product is calculated as (Non-Free Period Usage X \$Rate/kwh + Free Period Usage X \$0.00)/Total Usage. Your actual average price per kwh may vary depending on actual consumption.

7. Pricing, Billing and Payment Terms. During the Initial Term, you will pay Direct Energy for your natural gas and/or electric generation service at the price set for the Initial Term as set forth in the Important Information section. The price is for natural gas and/or electric generation service, a monthly administrative fee ("Admin Fee"), if applicable, the amount of which is disclosed in the Important Information section, but excludes taxes, and regulated charges from the utility, including, but not limited to, delivery and distribution charges. The Admin Fee covers administrative costs for the procurement and management of your natural gas and/or electric generation service. The prices for natural gas and electric suppliers, such as Direct Energy, are set competitively and are not regulated by the Commission. As to your billing and payment terms, your NGU and/or EU will send you a monthly bill that will include your NGU's and/or Eus charges and Direct Energy's charges. That bill will contain, among other charges, Direct Energy's natural gas and/or electric generation service price multiplied by the amount of natural gas and/or electricity you used during the billing cycle, as measured and/or estimated by your NGU and/or EU, and any other charges incurred in accordance with this Agreement. **Depending upon the date of the meter read, your bill from the NGU and/or EU may be prorated. The prorated billing is a technique for applying standard**

methods to nonstandard billing periods. A billing period that is shorter or longer than the NGU's and/or EU's designated billing period days will have prorated charges based on a 30-day average for the applicable rate. You will pay your bill in accordance with the NGU's and/or EU's billing and payment policies. In the event that you fail to pay your bill or fail to meet any agreed upon payment arrangement, Direct Energy may terminate this Agreement after providing you with fifteen (15) days written notice. Such termination will not relieve you of your payment obligations to Direct Energy for service to the date of such termination.

8. Automatic Contract Renewal Provision; Notice of Change to Agreement. Upon completion of the Initial Term, this Agreement will automatically renew on a fixed rate per kWh for electricity and/or per Therm for natural gas with no early cancellation fee until either of us cancels the Agreement. **To the extent you purchased our Renewable Energy Plan at the time of enrollment, during the Renewal Period, the product you purchase from Direct Energy will not be a Renewable Energy product.**

If you are currently on a variable month-to-month product, you may access your monthly variable price by contacting us at 1-866-266-2084 or by visiting our website at <https://www.directenergy.com/future-pricing/illinois-future-variable-pricing>. You will receive notice 30 days before, but no more than 60 days prior to end of your term of your new fixed term and rate, effective thereafter. You will receive a new fixed term and/or rate and notice every term thereafter, until either Party terminates. This will also apply to small commercial customers that fall under these thresholds:

- a nonresidential retail customer of a natural gas utility who consumed 5,000 or fewer therms of natural gas during the previous year; provided that any alternative gas supplier may remove the customer from designation as a "small commercial customer" if the customer consumes more than 5,000 therms of natural gas in any calendar year after becoming a customer of the alternative gas supplier.
- those nonresidential retail customers of an electric utility consuming 15,000 kilowatt-hours or less of electricity annually in its service area. An RES may remove the customer from designation as a "small commercial retail customer" if the customer consumes more than 15,000 kWh of electricity in any calendar year after becoming a customer of the RES.

While taking service during the Renewal period, you may cancel or terminate this Agreement without penalty. If you do cancel, but do not choose an alternate supplier, your generation service will revert back to your utility, which could take up to

forty-five (45) days, and you will not be charged an early cancellation fee from Direct Energy.

9. Your Right to Rescind and Early Cancellation Policy.

Your NGU and/or EU will send you a written notice confirming your decision to enroll with Direct Energy. You may rescind the agreement by contacting us or the electric and/or gas utility (as applicable) within 10 calendar days for electric customers or 10 business days for gas customers after the date on the electric and/or gas utility's written notice to you confirming the switch ("Rescission Period"). You may contact Direct Energy at 1-866-266-2084 or in writing using the contact information set forth in Section 18 below or by contacting your NGU and/or EU at the number set forth in the Important Information section. After the rescission period, you may cancel service under this Agreement at any time. Such termination will not relieve you of your payment obligations to Direct Energy for service to the date of termination. You understand that the termination will be effective with your next meter read date of not less than 30 days after such request is received by Direct Energy. If you are relocating, please refer to Section 10.

10. Relocation/Other Rights of Termination. You should notify both your NGU and/or EU and Direct Energy of a change in your residence/service location at least 30 days before such change. A final meter read will be made at your old address and your account will be finalized with your NGU and/or EU and Direct Energy. Your Agreement will terminate if: (a) you move outside the state of Illinois; (b) you move to an area not served by Direct Energy; (c) applicable to natural gas customers, if you move to a location where you do not require natural gas service. If you change your residence/service location within your NGU's and/or EU's service territory, then you may have the option of entering into a new natural gas and/or electricity supply contract for your new residence/service location. Direct Energy's contact information is set forth in Section 18 below. When you cancel, you will be responsible to pay for Direct Energy's service through the date that you are switched to another supplier or returned to service from your NGU and/or EU.

11. Direct Energy's Right to Cancel Service. You are affirming to Direct Energy that you have provided Direct Energy with your correct and complete name, address and contact information. If there is any evidence that any of these statements are or become untrue, or you otherwise provide fraudulent or misrepresented information, Direct Energy can cancel this Agreement immediately. Also, if for any reason performance of this Agreement becomes materially uneconomical to Direct Energy, or if Direct Energy is otherwise unable to continue this Agreement, Direct Energy can cancel

this Agreement after giving you at least fifteen (15) days' advance written notice. If Direct Energy cancels this Agreement, you must still pay all Direct Energy charges through the date you are switched to another supplier or returned to your NGU and/or EU for service. Your cancellation will not be effective until the next regularly scheduled meter read date following the date on which Direct Energy gives notice to the NGU and/or EU of your cancellation request.

12. Natural Gas and Electric Utility's Right to Cancel Service.

If you are having trouble paying, contact your NGU and/or EU to see if it has a payment plan or other solution available to you. If you do not pay the total natural gas and/or electric service charges on your bill, your Natural Gas and/or Electric Service may be disconnected by the NGU and/or EU. You could also incur late fees. Your NGU and/or EU will give you notice in the time frame prescribed by the Commission before it disconnects your Natural Gas and/or Electric Service. The NGU and/or EU may also disconnect your natural gas and/or electric service in certain urgent situations such as: (a) the existence of a known dangerous condition; (b) where service is connected without authority by a person who has not made an application for service; (c) where service is reconnected without authority after disconnection for nonpayment; (d) where there has been tampering with equipment (after investigation); or (e) where there is evidence of theft of service (after investigation). This Agreement is automatically cancelled if the NGU and/or EU disconnects you and returns you to service from your NGU and/or EU.

13. Disputes. You should contact Direct Energy regarding any dispute related to this Agreement. Direct Energy will attempt to resolve the dispute in an efficient, fair and timely manner. Direct Energy will provide an acknowledgment to your dispute within a reasonable time after receipt. Direct Energy will then issue a report within thirty (30) days after initiation of the dispute. Direct Energy will report to you the results of its investigation of the dispute, and that report will be available to you upon request. If you are not satisfied after discussing your terms of service with Direct Energy, you may contact the Commission. The contact information for both Direct Energy and the Commission is set forth in Section 18 below.

14. Uncontrollable Forces. Direct Energy will make commercially reasonable efforts to provide your natural gas and/or electric service, but does not guarantee a continuous supply of natural gas and/or electricity. Certain causes and events are out of Direct Energy's reasonable control and may result in interruptions in service. Direct Energy is not responsible for transmitting or distributing natural gas and/or electricity. Direct Energy is not liable for damages caused by acts of God, changes in laws, rules, or regulations or other acts

of any governmental authority (including the Commission, PJM or MISO Interconnection, LLC, the operator of the regional power grid), accidents, strikes, labor troubles, required maintenance work, inability to access the local distribution utility system, nonperformance by the NGU and/or EU or any other cause beyond Direct Energy's reasonable control. In addition, you may be required to pay any additional or increased fees or charges that are generally beyond Direct Energy's reasonable control including, but not limited to, fees for switching, disconnecting, reconnecting or maintaining natural gas and/or electric service or equipment, or transmission charges, that are imposed by law, rule, regulation or tariff, or Commission rule or order. These charges or fees will be passed through to you and added to your price.

15. Limitations of Liabilities. LIABILITIES NOT EXCUSED BY REASON OF FORCE MAJEURE OR OTHERWISE WILL BE LIMITED TO DIRECT ACTUAL DAMAGES. IN NO EVENT WILL DIRECT ENERGY OR ANY OF ITS AFFILIATES BE LIABLE TO YOU OR ANY THIRD PARTY FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES. DIRECT ENERGY IS NOT LIABLE FOR ANY LOSS OR DAMAGE RESULTING FROM: (A) INTERRUPTIONS TO, OR SHORTAGES OF, NATURAL GAS AND/OR ELECTRICITY SUPPLY; OR (B) ERRORS IN THE QUANTITY, QUALITY AND MEASUREMENT OF NATURAL GAS AND/OR ELECTRICITY. THESE LIMITATIONS APPLY WITHOUT REGARD TO THE CAUSE OF ANY LIABILITY OR DAMAGE.

16. Communication Preference.

You will be provided by U.S mail for the mandated regulatory notices and any additional communication method that you specified during your enrollment (i.e. email or postcard).

For email communications, a valid email address is required at all times during the term of the Agreement. Communications will be solely informational in nature and provide opt-out information and disclosures (if applicable). After you have selected your preferred communication method, Direct Energy will not change such communication method unless or until you instruct us to do so, or the communication method becomes invalid (see above). You should contact Direct Energy at the information in Section 18 if you would like to make changes to your communication method at any time during your Contract Term, or to update your email address to keep it valid.

17. Direct Energy's Representations and Warranties;

Limitation. The electricity and/or natural gas provided under this Agreement will meet the quality standard of the NGU and/or EU and will be supplied from a variety of natural gas and/or electric generation sources, including electricity provided pursuant to any renewable energy requirements. Direct Energy makes no representations or warranties other than those expressly set forth in this Agreement. DIRECT ENERGY

expressly set forth in this Agreement. DIRECT ENERGY EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

18. Contact Information.

You may contact Direct Energy in one of the following ways: (a) call 1-866-266-2084 or at 1-844-814-9397 (Residential Door-to-Door customers only), Monday through Friday 8:00 a.m. to 8:00 p.m. EST, and Saturday 8:00 a.m. to 5:00 p.m. EST (contact center hours subject to change without notice); or (b) write to Direct Energy at PO Box 180, Tulsa, OK 74101-0180 (be sure to include your account number(s)). The electric utility remains responsible for the delivery of electric power and energy to the customer's premises and will continue to respond to any service calls and emergencies. The customer will receive written notification from the electric confirming a switch of the customer's power and energy supplier.

The Commission: You may contact the Illinois Commerce Commission, with an Informal Complaint or otherwise, as follows: (a) call 1-800-524-0795; (b) write to 527 East Capitol Ave., Springfield, Illinois 62701 or (c) online at <https://www.icc.illinois.gov/complaints>.

The Attorney General: You may contact the Attorney General as follows: (a) call Chicago: 1-800-386-5438, Springfield: 1-800-243-0618 or Carbondale: 1-800-243-0607, Spanish option: 1-866-310-8398 or (b) email at <https://ccformsubmission.ilattorneygeneral.net/>.

19. Privacy of Customer Information. Direct Energy will not release your social security number and/or account number(s) without your affirmative written consent except where such release is (a) required by court order or by commission order or rule; (b) for Direct Energy's own collections and credit reporting, or (c) when assigning this Agreement to another retail energy service provider licensed to market natural gas and/or electricity service in the state of Illinois.

20. Your Authorization to Release Your Information for Use and Sharing. By entering into this contract, you authorize us to act on your behalf under your utility's tariffs in accordance with the rules and regulations of the state public utility commission ("PUC") where you take service. You further acknowledge that this contract provides authorization for your local utility to release all information regarding your energy supply account(s) to us so we can provide the services described herein. This information may include, but is not limited to, usage information,

account type, tax exemption status, rate service class, load profile, demand data, meter number, special account exceptions, public assistance status, existence of medical emergencies or disability, tax status and eligibility for economic development or other incentives, standard service status, electronic interval data when available, credit information when applicable, and all other data and information permitted by law to be disclosed to us to provide our services.

We also obtain information about you as outlined in our privacy policy (posted on our website) such as when you voluntarily provide personal information to us, use our website or mobile applications, or when we add information about you to your account profile from publicly available sources.

We will maintain the confidentiality of your personal information including your name, address, telephone number, email, account numbers, electric usage and historic payment information as required by applicable PUC regulations as well as federal and state laws.

Our use and sharing of your information will be consistent with the purposes and uses disclosed in our privacy policy, as amended from time to time and posted on our website. Your information may be disclosed if required by law, such as pursuant to a lawfully issued subpoena or other legal process. Further, you understand that your information may be disclosed to an affiliate or a third-party to provide services or products to you, and any disclosure of such information will be made under confidentiality obligations not to disclose such information and to use it solely for the purpose of providing services to you or improved products to us. This authorization also allows us to contact you about our other products and services and to share information about your account with any designated rewards partner or with any affiliate, third-party vendor or marketing partner we use to provide services and rewards to you. We reserve the right to share your information with our affiliates and marketing partners, to the extent permitted by law and/or as authorized when you provide your consent.

If you do not wish for us to use or share information about your account in the manner described above, you may cancel this contract by calling us at our contact information listed herein.

21. Credit Check. You understand that as part of Direct Energy's process of qualifying you for this Agreement and continuing service under this Agreement, Direct Energy may investigate at any time and from time-to-time your credit history and choose to obtain a consumer credit report on you from a consumer-reporting agency. If Direct Energy learns that your credit, payment history, or account status is not satisfactory, Direct Energy may decline to provide electric generation service or any other service or product.

22. Miscellaneous Provisions. This Agreement is subject to the laws of Illinois and supersedes any previous promises, understandings and agreements. If any provision of this Agreement is deemed invalid, illegal or otherwise unenforceable, you agree that it shall be modified to the minimum extent necessary to render it valid, legal and enforceable. If a provision cannot be modified in a manner that would make it valid, legal and enforceable, the provision shall be severed from the Agreement, and all other provisions shall remain in full force and effect. Any failure on our part to enforce any of the terms of this Agreement or to exercise any right under such terms shall not be considered a waiver of Direct Energy's right to enforce each and every such term, exercise such right or exercise any other right under this Agreement. You may not assign this Agreement without Direct Energy's prior written consent. Direct Energy may: (a) transfer or sell this Agreement or your account in connection with any financing; (b) assign this Agreement to any of its affiliates; (c) transfer or assign this Agreement to anyone succeeding to all or substantially all of Direct Energy's assets or business; and (d) transfer this Agreement to another supplier licensed by the Commission. After assignment, Direct Energy will have no further obligations under this Agreement. This Agreement is binding upon you and Direct Energy, and will further bind each of your successors and permitted assigns. There are no third-party beneficiaries to this Agreement.

23. Low Income Home Energy Program or Percentage of Income Payment Plan. Participation in the Low-Income Home Energy Program or participation in the Percentage of Income Payment Plan (PIPP) may affect your eligibility to take service from a competitive retail electric service provider. You represent that you have not received assistance from the Low-Income Home Energy Program and that you are not currently approved for or enrolled in PIPP or any such utility program.

24. Regulatory Changes. This contract is subject to present and future legislation, orders, rules, regulations or decisions of a duly constituted governmental authority or independent system operator having jurisdiction over this contract or the services to be provided hereunder. If at some future date there is a change in any law, rule, regulation, tariff, or regulatory structure ("Regulatory Change") which impacts any term, condition or provision of this contract including, but not limited to price, we shall have the right to modify this contract to reflect such Regulatory Change (including by adjusting the price to reflect any increase in our costs as result of such Regulatory Change) by providing 30 days' written notice of such modification to you, at which time the change will take effect automatically unless you have contacted us to cancel the contract.
