

OHIO RESIDENTIAL & SMALL COMMERCIAL TERMS AND CONDITIONS

Electricity Supply Service
Direct Energy Services, LLC

1. Terms of Service. These Terms and Conditions together with the Rate Plan Summary (defined below), which is incorporated herein by reference, constitute the agreement (“Agreement”) between you and Direct Energy Services, LLC (“Direct Energy”). “Rate Plan Summary” means, as applicable, either the section of the enrollment consent form/letter of authorization entitled ‘Rate Plan Summary’ or the Schedule A accompanying these Terms and Conditions entitled ‘Rate Plan Summary - Schedule A to Terms and Conditions’.

2. Agreement to Purchase Electric Generation Service. This Agreement serves as the agreement for competitive retail electric service (“electric service”) to be provided to you by Direct Energy. Subject to Direct Energy’s acceptance of this Agreement and enrollment by your Electric Distribution Utility (“EDU”), you agree to become a Direct Energy customer and appoint Direct Energy as your limited agent to perform the necessary tasks associated with your electric service and fulfill the terms of this Agreement. Direct Energy agrees to sell and deliver to you, and you agree to purchase and accept, the quantity of electricity delivered to you, as measured or estimated by your EDU, all in accordance with the prices and other terms and conditions set forth in this Agreement. Your electricity will be delivered to you by your EDU. You understand that as part of Direct Energy’s process of qualifying you for this Agreement and continuing service under this Agreement, Direct Energy may investigate at any time and from time-to-time your credit history and choose to obtain a consumer credit report on you from a consumer-reporting agency. If Direct Energy learns that your credit, payment history, or account status is not satisfactory, Direct Energy may decline to provide retail electric service or any other service or product. Direct Energy is licensed by the Public Utilities Commission of Ohio (the “Commission”) as a competitive retail electric service provider to offer and supply retail electric generation services in Ohio. Direct Energy’s license number is 00-0019E.

3. Renewable Energy Plan. If you are purchasing our Renewable Energy Plan pursuant to this Agreement, you are agreeing to purchase from Direct Energy a product that is supported 100% by renewable energy credits (“RECs”), in an amount sufficient to match your annual consumption from your EDC. RECs are a tradeable, non-tangible energy commodity in the United States that represents proof that 1 megawatt-hour (MWh) of electricity was generated from an eligible renewable energy resource like biomass, hydro, solar or wind. Direct Energy will purchase and retire renewable energy certificates in either the state where you are located, the North American Electric Reliability Corporation (NERC) region, Independent System Operator (ISO), Regional Transmission Organization (RTO) or Balancing Authority Area of the customer being served, at any time and from time to time throughout the year. The electricity supply actually distributed to your service location will not contain electricity supply generated from any specific electric generation facility. The availability of electric generation facilities varies hour to hour, and from season to season, as does electricity use by customers. Direct Energy

may take up to three (3) months following the close of a calendar year to make up any deficiency in the volume of renewable energy certificates needed from particular generation facilities associated with your Renewable Energy Plan.

4. Competitive Advantage Plan.

(a) Description. If you are purchasing our Competitive Advantage Plan pursuant to this Agreement, you are agreeing to use a minimum amount of electricity per Billing Cycle (defined in Section 4b below) in the amount set forth in the Rate Plan Summary (“Minimum Usage Amount”), and in exchange, you will receive a discount off your price in the amount set forth in Rate Plan Summary (“Minimum Usage Discount”) during the Initial Term (as defined in Section 8). If during a Billing Cycle during the Initial Term your use does not meet or exceed the Minimum Usage Amount, you agree that Direct Energy will charge you a fee in the amount set forth in the Rate Plan Summary plus any applicable federal, state and/or local taxes (“Minimum Usage Fee”) for that Billing Cycle. Upon completion of the Initial Term, you will no longer be subject to the terms and conditions of this Section 4 and you will no longer receive the Minimum Usage Discount.

(b) Billing Cycle. **The number of days in a “Billing Cycle” will, at the very least, be twenty-five (25) days.**

5. Brighter Balance Plan. If you are selecting our flat bill plan, “Brighter Balance” pursuant to this Agreement, you are agreeing to purchase from Direct Energy a product at a flat monthly rate, based upon estimated usage, to the service location for the Initial Term. Subject to applicable laws and regulations, after the expiration of the Brighter Balance Initial Term, you will automatically renew on a month-to-month variable plan. Direct Energy reserves the right to limit enrollments or re-enrollments on a Brighter Balance plan at its sole discretion. Specifically, all Brighter Balance Plan Agreements are non-transferrable between customers or locations. If you cancel this Agreement after the right of rescission (as defined in the Right of Rescission and Early Cancellation Policy Section), then you may be required to pay Direct Energy an early cancellation fee in the amount set forth on your Rate Plan Summary.

6. Power on Command Plan. If you are purchasing a Power on Command Plan, you are agreeing to purchase from Direct Energy a product that includes electric and/or natural gas service and an Amazon product. To utilize the full features of an Amazon Echo Dot, you must have high speed, ‘always on’ Wi-Fi internet service (dial up and mobile internet access is not compatible). You cannot return your Amazon Echo Dot to avoid the early cancellation fee and/or device cost recovery fee. Please allow 4-6 weeks for delivery of your Amazon Echo Dot upon start of your service with Direct Energy.

7. Time of Use Plan. To be eligible to enroll in a Time of Use Product, you must have a smart meter. If you are not certain if you have a smart meter, please contact your utility or Direct Energy at the information provided in your Terms and Conditions. If you enroll (or attempt to enroll) in a Time of Use Product, and Direct Energy determines that you do not have a smart meter, then Direct Energy will have the right to cancel this Agreement (or cancel your enrollment with Direct Energy) and return your account back to the utility. By enrolling in a Time of Use Product,

you authorize your utility to provide Direct Energy access to your meter data in increments as short as five (5) minutes but no more than one (1) hour as allowed by your utility systems on a daily and/or monthly basis as may be requested by Direct Energy ("Interval Data Authorization"), as well as being shared with third parties, pursuant to Direct Energy's privacy policy. Your information will be shared with third parties (Innowatts, Grid4c or other similar companies) for load forecasting purposes and to separate data based on your usage throughout your household. If you rescind your Interval Data Authorization while you receive electric generation service from Direct Energy under a Time of Use Product, then Direct Energy will have the right to cancel this Agreement and charge you an early cancellation fee in the amount set forth in the Rate Plan Summary.

8. Term of Agreement. After you enter into this Agreement, the term of this Agreement will begin on the next available meter read date that your electric generation supplier is changed to Direct Energy by the EDU. Your service will begin on the start date of the next Billing Cycle and continue for the number of Billing Cycles set forth in the Rate Plan Summary ("Initial Term"). When the Initial Term expires, this Agreement will automatically renew on a month-to-month basis, as described in the Rate Plan Summary and in Section 10 below. This Agreement will be effective during the Initial Term and through any of these monthly Renewal Periods, subject to the cancellation provisions of Sections 13 and 14 below.

9. Pricing, Billing and Payment Terms of Electric Service. During the Initial Term, you will pay Direct Energy for your electric generation service at the price set for the Initial Term, as set forth in the Rate Plan Summary. The Initial Term Rate is for electric service and excludes taxes and regulated charges from the utility, including but not limited to, delivery and distribution charges and may include a monthly administrative fee ("Admin Fee"), if applicable, the amount of which is set forth in your Rate Plan Summary. The Admin Fee covers administrative costs for the procurement and management of your electric generation service. Your EDU will send you a bill for each Billing Cycle that will include your EDU's charges, Direct Energy's electric generation service charges, if applicable, a Minimum Usage Fee, and any other charges incurred in accordance with this Agreement. You will pay your bill in accordance with the EDU's billing and payment terms. The amount of electricity used will be measured or estimated by the EDU. **Depending upon the date of the meter read, your bill from the EDU may be prorated. The prorated billing is a technique for applying standard methods to nonstandard billing periods. A billing period that is shorter or longer than the EDU's designated billing period days will have prorated charges based on a 30-day average for the applicable rate.** Your payment will be due to the EDU by the date specified in the EDU bill. If you fail to pay it on time, you could be subject to interest and late charges imposed by the EDU, and your service could be disconnected in accordance with the electric utility tariff. Your EDU and/or Direct Energy may offer you budget or other payment plans.

10. Renewal. Upon completion of the Initial Term, this Agreement will automatically renew on a month-to-month basis (the "Renewal Period") with no early cancellation fee and/or device cost recovery fee unless Direct Energy sends you advance written notice of a change. Any written notice will be sent within forty-five (45) to

ninety (90) days, as prescribed by the Public Utilities Commission of Ohio (the "PUCO"), and apprise you of any proposed changes in the terms and conditions of this Agreement, including your right to renew, terminate or renegotiate this Agreement. **The renewal is automatic and does not require your affirmative consent, although there may be a change to the price or the terms and conditions in this Agreement.**

During the Renewal Period, the rate for electricity will be a variable rate that may be higher or lower each month and will be set in Direct Energy's sole discretion. Direct Energy typically considers the following factors when setting variable rates:

- publically available competitor pricing;
- strategic business objectives;
- customer retention or attrition;
- market volatility or uncertainty;
- anticipated customer usage;
- the cost of procuring power including wholesale prices, ancillary service costs, capacity auctions, utility fees, transmission and distribution losses and storage costs;
- weather, supply congestion and infrastructure issues;
- legal or regulatory issues; and
- profit margin.

This list of factors is not exhaustive and no single factor will determine the rate. Some factors must be estimated or projected and the factors Direct Energy considers may be weighed differently each month. Direct Energy may amortize sudden cost increases over multiple billing cycles so that its customers do not bear the burden of such increases in a single month. In addition, Direct Energy seeks to acquire the majority of its anticipated electricity supply in advance rather than from the spot market. **For all of these reasons, the variable rate may not correlate with changes in wholesale market prices or your local utility's rates.** In addition, the variable rate may be higher than your local utility rate or other suppliers' rates. You may obtain next month's variable price by calling a Direct Energy Customer Service Representative at the toll-free telephone number set forth in Section 20. **Furthermore, to the extent that you purchased our Renewable Energy Plan at the time of enrollment, during the Renewal Period, the product you purchase from Direct Energy will not be a Renewable Energy product. To the extent you purchased our Competitive Advantage Plan at the time of enrollment, during the Renewal Period, you will no longer be subject to the terms and conditions of Section 4 and you will no longer receive the Minimum Usage Discount.**

11. Failure to Pay EDU Charges or Electric Service Bill. Under the Initial Term or during the Renewal Period, in the event that you fail to pay the EDU's charges or fail to meet any agreed upon payment arrangement, you are subject to disconnection of your service from your EDU, pursuant to the electric utility tariff. If you fail to pay your bill, or fail to meet any agreed-upon payment arrangement, Direct Energy may cancel this Agreement upon fourteen (14) calendar days' advance written notice. Such disconnection and/or cancellation will not relieve you of your

payment obligations to Direct Energy, including any applicable early cancellation fee and/or device cost recovery fee, or your payment obligations to the EDU for service to the date of such disconnection and/or cancellation. You have the right to request without charge to you, twice within a twelve (12) month period, up to twenty-four (24) months of your payment history for services rendered by Direct Energy.

12. Switching. If you change your electric supplier, your EDU may apply a switching fee. If you return to your EDU after switching to a retail energy service provider, you may or may not be served under the same rates, terms and conditions that apply to other customers served by the EDU.

13. Right of Rescission and Early Cancellation Policy. Your EDU will send you a written notice confirming your decision to enroll with Direct Energy. You have the right to rescind your enrollment, without an early cancellation fee and/or device cost recovery fee, within seven (7) calendar days after the postmark on the EDU enrollment confirmation notice ("Rescission Period"). You can do this by contacting your EDU at the toll-free telephone number set forth in the Rate Plan Summary, or in writing, also set forth therein. Thereafter, you may cancel service under this Agreement at any time during the Initial Term. However, if you cancel during the Initial Term and an early cancellation fee and/or device cost recovery fee is set forth in the Rate Plan Summary, then you will be required to pay such early cancellation fee and/or device cost recovery fee to us immediately, but in any event no later than ten (10) days after the date you receive an oral or written notice requesting payment. During the Renewal Period, there is no early cancellation fee and/or device cost recovery fee. If you are relocating, please refer to Section 14. Otherwise, to cancel your service, you must contact Direct Energy by telephone or in writing using the contact information set forth in Section 20.

14. Cancellation or Transferring Service as a Result of Relocating. You understand that this Agreement will be cancelled if you relocate to a service location that is: (a) outside your EDU's service territory; (b) not served by your EDU; or (c) outside Direct Energy's service territory. In addition, you understand that this Agreement will be cancelled if you relocate to a service location outside your EDU's service territory. In connection with the cancellation of this Agreement pursuant to this Section 14, you will not be charged an early cancellation fee; however, Direct Energy will have the right to charge you the device cost recovery fee, if applicable, in the amount set forth in the Rate Plan Summary. In order to cancel this Agreement pursuant to this Section 14, before you relocate, you must first call Direct Energy Customer Service at the toll-free telephone number set forth in Section 20, and then your EDU at the toll-free telephone number provided in the Rate Plan Summary. However, if you relocate within your EDU's service territory, your service will transfer and this Agreement will automatically continue for the remainder of the Initial Term, if any, and the Renewal Period of this Agreement. Thus, you will receive Direct Energy's service at your new location pursuant to this Agreement. If you relocate within your EDU's service territory, you must: (a) call your EDU at the phone number in Section 20 to inform the EDU of your request to transfer your EDU service to your new location; (b) obtain your new account information from the EDU; (c) contact Direct Energy at the phone number in Section 20 to provide your new account information and location to complete the transfer of service; and (d) service

under the contract will start at the time the EDU accepts enrollment at the new location. You must provide written proof of your new location outside the EDU service territory to Direct Energy at the address provided in the Rate Plan Summary. If your service transfers as provided in this paragraph, you grant the EDU the right to provide Direct Energy with each account and meter number for your new service location(s). If requested by Direct Energy, you will also provide Direct Energy with this information. If service does not transfer to your new service location, you may be served under your EDU's regulated service commodity rate unless you select another retail electric service provider.

15. Disputes Resolution. You understand that Direct Energy will attempt to resolve any disagreement or complaint you may have. If your complaint is not resolved after you have called Direct Energy and/or your electric utility, or for general utility information, residential and business customers may contact the Public Utilities Commission of Ohio for assistance at 1-800-686-7826 (toll-free), or for TTY at 1-800-686-1570 (toll-free), from 8:00 a.m. to 5:00 p.m. weekdays, or at www.pucco.ohio.gov. Residential customers may also contact the Ohio Consumers' Counsel for assistance with complaints and utility issues at 1-877-742-5622 (toll-free) from 8:00 a. m. to 5:00 p.m. weekdays, or at www.pickocc.org. Hearing or speech impaired customers may contact the PUCO via 7-1-1 (Ohio relay service).

16. Force Majeure (Uncontrollable Forces). Direct Energy will make commercially reasonable efforts to provide your electric service, but does not guarantee a continuous supply of electricity. Certain causes and events are out of Direct Energy's reasonable control ("Force Majeure Event(s)") and may result in interruptions in service. Direct Energy will not be liable for any such interruptions caused by a Force Majeure Event. Direct Energy is not responsible for transmitting or distributing electricity. Therefore, you agree that Direct Energy is not, and shall not be, liable for damages caused by Force Majeure Events, including but not limited to, acts of God, changes in laws, rules, or regulations or other acts of any governmental authority (including the Commission or PJM as applicable), accidents, strikes, labor troubles, required maintenance work, inability to access the local distribution utility system, nonperformance by the EDU or any other cause beyond Direct Energy's reasonable control. In addition, you may be required to pay any additional or increased fees or charges that are generally beyond Direct Energy's reasonable control including, but not limited to, fees for switching, disconnecting, reconnecting or maintaining electric service or equipment, or transmission or transmission-related charges, that are imposed by law, rule, regulation or tariff, or Commission rule or order. These charges or fees will be passed through to you and added to your price.

17. Privacy of Customer Information. Direct Energy will not release your social security number and/or account number(s) without your affirmative written consent except for Direct Energy's own collections and credit reporting, participation in programs funded by the universal service fund, pursuant to Section 4928.52 of the Revised Code, or when assigning this Agreement to another retail energy service provider.

18. Limitations of Liabilities. LIABILITIES NOT EXCUSED BY REASON OF FORCE MAJEURE OR OTHERWISE SHALL BE LIMITED TO DIRECT ACTUAL DAMAGES. DIRECT ENERGY WILL NOT BE LIABLE TO YOU OR ANY THIRD PARTY FOR

CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES. DIRECT ENERGY IS NOT LIABLE FOR INTERRUPTIONS TO, OR SHORTAGES OF, ELECTRICITY SUPPLY, NOR ANY ASSOCIATED LOSS OR DAMAGE RESULTING THEREFROM. THESE LIMITATIONS APPLY WITHOUT REGARD TO THE CAUSE OF ANY LIABILITY OR DAMAGE. THERE ARE NO THIRD-PARTY BENEFICIARIES TO THIS AGREEMENT.

19. Indemnification; Direct Energy's Representations and Warranties; Limitation.

You are responsible for, and will immediately indemnify Direct Energy against, any and all loss or damage resulting from: (a) your failure to fully comply with this Agreement; or (b) your use or misuse of electricity after it is delivered to you.

THE ELECTRICITY PROVIDED UNDER THIS AGREEMENT WILL MEET THE QUALITY STANDARD OF THE APPLICABLE EDU AND WILL BE SUPPLIED FROM A VARIETY OF ELECTRIC GENERATION SOURCES INCLUDING THE ELECTRICITY PROVIDED PURSUANT TO ANY RENEWABLE ENERGY PLAN REQUIREMENT. DIRECT ENERGY MAKES NO REPRESENTATIONS OR WARRANTIES OTHER THAN THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT. DIRECT ENERGY EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
